Dear Dr. Helm;

Re: SUPPORT FOR THE PROPOSED UNESCO GEOPARK IN TUMBLER RIDGE

Thank you for meeting with the District of Tumbler Ridge Council on January 22, 2013 to explain the "Expression of Interest" that the Tumbler Ridge Geopark Steering Committee is submitting to the Canadian National Committee for Geoparks and then to UNESCO Global Geopark Network.

As you identified, Tumbler Ridge is a modern community with much potential and scenic splendor. Our geological attractions and wilderness are ready to be explored.

It is with great enthusiasm that we support this initiative and wish you and the volunteers of the Tumbler Ridge Geopark Steering Committee much success.

Regards,

Darwin Wren
Mayor
